

Discover Hidden Energy Savings

Limited-Time Offer: No Cost ASHRAE Level II Energy Audit

Consumers Energy, in partnership with Reserve Advisors, is offering a no-cost, third-party Level II Energy Audit to qualifying properties through its **Commercial Energy Audit Pilot Program**.

An initial Preliminary Energy Analysis will estimate how much you can reduce your energy costs. Sign up for a third-party energy audit to validate these energy savings where you will be provided specific measures to optimize energy use. Additionally, you'll receive implementation costs and return on investment, as well as applicable utility rebates.

Why Participate?

Unbiased, Third-Party Perspective

Receive objective recommendations that improve building performance and lower energy costs.

Comprehensive Building Analysis

Understand how each system in your building uses energy and affects overall efficiency.

Strategic Planning Support

Work with your chosen service providers to plan and implement energy improvements.

Clear Roadmap to Savings

Get detailed, prioritized opportunities with estimated implementation costs and ROI.
